PROFESSIONAL SUMMARY

Front-End Developer based in Sharjah, UAE with hands-on project and training experience in React, JavaScript, TypeScript, Next.js, and Tailwind CSS. Built responsive interfaces and full-stack web projects, and contributed to a Maritime Services Management System using React.js on the front end with Laravel/PHP on the back end. Comfortable with REST APIs, Git/GitHub, responsive design, debugging, and modern component-based development.

TECHNICAL SKILLS

Front End: HTML5 | CSS3 | JavaScript (ES6+) | TypeScript | React | Next.js | Tailwind CSS | Bootstrap

Development: REST APIs | React Hooks | Responsive Design | Component-Based UI | Git/GitHub | npm | Debugging

Working Knowledge: Node.js | Express.js | Laravel/PHP | PostgreSQL | MongoDB

FRONT-END CAPABILITIES

- Build responsive, mobile-first interfaces using Tailwind CSS, CSS Flexbox/Grid, and reusable React components.
- Use React props, state, hooks, conditional rendering, list rendering, forms, and component communication patterns.
- Work with Next.js App Router, Server/Client Components, metadata, next/image, routing, and data-fetching fundamentals.
- Apply TypeScript types, interfaces, unions, event typing, typed props/state, and API response typing for safer front-end code.
